DETAILED ACTION

Applicant's election of claims 1-6, which are readable upon elected Group I, species A, in the reply filed on 09/23/2005 is acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)).

Specification

The disclosure is objected to because of the following informalities: On page 13, line 22, "t-thas" is incorrectly typed.

Appropriate correction is required.

Claim Rejections - 35 USC § 112(first paragraph)

The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

A single means claim, i.e., where a means recitation does not appear in combination with another recited element of means, is subject to an undue breadth rejection under 35 U.S.C. 112, first paragraph. In re Hyatt, 708 F.2d 712, 714-715, 218 USPQ 195, 197 (Fed. Cir. 1983) (A single means claim which covered every conceivable means for achieving the stated purpose was held nonenabling for the scope of the claim because the specification disclosed at most only those means known to the inventor.). When claims depend on a recited property, a fact situation comparable to Hyatt is possible, where the claim covers every conceivable structure (means) for

Art Unit: 3663

achieving the stated property (result) while the specification discloses at most only those known to the inventor (MPEP 2164.08(a)).

Claims 1-6 are rejected under 35 U.S.C. 112, first paragraph, because of single mean recitation in claim 1.
